

Ewelina Idziak, Poland

Practitioner and academic teacher

I'm happy to combine the position of Regional Director in Department of Corporate Clients in Bank Millennium with academic teaching at University of Economy in Bydgoszcz (Poland). Now, I am in the process of writing a PhD dissertation about household's savings and alternative investments in Poland. I am also a representative of the Director of the Institute of Economics and Management for the internationalization - it gives me a lot of international contacts with interesting people. In my daily work I cooperate on behalf of the bank with large enterprises. Earlier, I have the privilege to participate in two intensive courses in the UK as a lecturer. I deal with economics and finance. Privately, I like to travel and take on new challenges. I have two beloved cats ;-)
