

The Tree Team members

Here we will give you some more information about our team. We also want you to know why we chose the 'Tree Team' as our team name. We are a team of four members, all our qualities make us a good team. Each one of us has a talent, those are the roots of the tree. This root makes it a strong tree. Our talents: spontaneous, creative, ambitious and brain.

Here we will shortly present you each member of the group. We will present us to you as if it is our own company and what our function in the company is.
